01 BRAND PHILOSOPHY

Clear thinking for complex topics. A brand built on trust and precision.

Qualivio makes pharmacovigilance and life sciences knowledge accessible, modern, and actionable. We combine scientific rigour with clear communication — for professionals who need both depth and clarity.

02 BRAND PERSONALITY

Trustworthy

We earn confidence through accuracy and transparency.

Clear

Complex science, explained without jargon.

Modern

A fresh perspective on an established discipline.

Expert

Deep domain knowledge, speaking to professionals.

Approachable

Rigour without intimidation.

Precise

Every word and design choice earns its place.

03 BRAND VOICE

We write in

plain, confident English — no unnecessary jargon.

We are

authoritative but never arrogant.

We educate

without condescending to our audience.

We avoid

buzzwords, vague claims, and over-promising.

04 PRIMARY LOGO

05 THE Q MARK — ANATOMY

Pure geometric form: perfect circle ring + short diagonal tail at 50°. Ring and tail share identical stroke weight. The Q mark is never separated from the wordmark in primary brand applications.

06 CLEAR SPACE & USAGE RULES

- Minimum icon size: 24×24px | Minimum full wordmark width: 120px
- Clear space equal to the Q height on all four sides of the logo
- Never place on a busy background without sufficient contrast overlay
- Never stretch, rotate, recolour, or apply effects to the logo

09 COLOUR RULES

- BG Dark (#0D0D0F) is ALWAYS the primary background for all branded materials.
- Violet (#7C6AF7) is the dominant accent — headlines, CTAs, and key interactions.
- Teal (#4ECDC4) is used for energy accents — separators, icons, and hover states.
- Gold (#F7B731) is used sparingly for badges, status indicators, and callouts only.
- Never use Violet and Teal at equal visual weight on the same element.
- All text on dark backgrounds uses Text Light (#E8E6FF) for optimal contrast.

19 DO & DON'T

✓ DO

- Use BG Dark (#0D0D0F) as primary background always.
- Use Space Grotesk Bold for all headings and wordmark.
- Pair the Q mark with the wordmark in primary use.
- Maintain the teal rule as separator under wordmark.
- Use DM Sans for all body copy and long-form text.
- Ensure WCAG AA contrast on all text (4.5:1 min).
- Keep Q mark proportional — scale as a single unit.
- Use Gold sparingly — only for status and callouts.

✗ DON'T

- Use Q in any colour other than white on dark.
- Stretch, squash, rotate, or skew any logo element.
- Apply equal weight to Violet and Teal on same element.
- Use Gold for decorative purposes — only for status.
- Use fonts other than Space Grotesk and DM Sans.
- Use the tagline alone without the wordmark.
- Apply gradients, shadows, or glow to Q or wordmark.
- Reproduce logo below 24px icon or 120px full width.

20 TAGLINES & KEY COPY
