Brand Guidelines & Identity System

OBSIDIAN EDGE · VERSION 1.2 · 2026

01 BRAND PHILOSOPHY

Clear thinking for complex regulations.

A brand built on trust and precision.

Qualivio makes pharmacovigilance, quality assurance, and life sciences knowledge accessible, modern, and actionable. We combine scientific rigour with clear communication, for professionals and companies who need both depth and clarity.

02 BRAND PERSONALITY

Trustworthy

We earn confidence through accuracy and transparency.

Approachable

Rigour without intimidation.

Expert

Deep domain knowledge, speaking to professionals.

Modern

A fresh perspective on an established discipline.

Clear

Complex science, explained without unnecessary complexity.

Precise

Every word and design choice earns its place.

03 BRAND VOICE

We write in plain, confident English, with no unnecessary complexity.

We are authoritative but never arrogant.

We educate without condescending to our audience.

We avoid buzzwords, vague claims, and over-promising.

07 CLEAR SPACE & USAGE RULES

SIZING

- Minimum icon size: 24 × 24 px
- Minimum full wordmark width: 120 px
- Recommended social media profile picture: 300 × 300 px
- Recommended retina (2×) export: 600 × 600 px

CLEAR SPACE

- Maintain clear space equal to the Q height on all four sides.
- No content, text, or visual element may enter the clear space zone.

CONSTRUCTION INTEGRITY

- Ring stroke width and tail stroke width **MUST** remain identical.
- Stroke linecap **MUST** be round on both ring and tail.
- The Q mark is a single unit — never separate the ring from the tail.

PROHIBITED MODIFICATIONS

- Never stretch, rotate, skew, or distort the logo.
- Never apply gradients, drop shadows, glows, or any visual effects.
- Never use the Q in any colour other than approved variants.
- Never place on a busy background without sufficient contrast.
- Never reproduce below minimum size thresholds.
- Never modify the coordinate values or geometric proportions.

CONTRAST

- White Q on any dark or saturated approved variant.
- Dark Q (#0D0D0F) only on white or very light backgrounds.
- All combinations must maintain WCAG AA contrast minimum (4.5 : 1).

08 TYPOGRAPHY

Qualivio uses three typefaces. Sora is reserved exclusively for the Qualivio wordmark; Space Grotesk handles every other display surface (headings, eyebrows, card titles); DM Sans carries the body copy and form labels. Strict separation keeps the wordmark distinctive across channels.

WORDMARK · SORA MEDIUM 500

Qualivio

Used only for the brand wordmark in the website Header, Footer, the /intro MP4, the LinkedIn banner, and printed materials.

DISPLAY · SPACE GROTESK

Clear thinking for complex regulations.

Headings (H1–H6), eyebrows, card titles, section labels.

BODY · DM SANS

Trusted insights, education and consulting for life sciences.

Paragraphs, form fields, button labels, captions.

CROSS-CHANNEL CONSISTENCY

Sora is the wordmark font and only that. Never set headings or body copy in Sora. Conversely, never set the Qualivio wordmark in Space Grotesk or DM Sans. Fallbacks (Inter, Arial) are permitted only when Sora cannot be loaded; never substitute by choice.
